Manifesto

1. we expect only **good** in each other
 2. we laugh. we dance. we throw great parties. we have **fun!**
 3. we speak to be **known**, not to win.
 4. we ask questions and listen with **curiosity**, to understand.
 5. we take **action**. we make mistakes. we **learn** quickly.
 6. we **dream really big**. we know the best things happen by taking the very **next step**.
 7. only those who believe **it can be done** are involved in generating ideas.
 8. we value **creativity** more than expertise. "not knowing" is a beautiful canvas for creating amazing things.
 9. we delight in **diversity**, by celebrating the unmatched value that our differences bring to the table.
 10. we embrace discomfort and vulnerability as a sign of **growth** and **courage**.
 11. we show up every day as our **authentic** selves. we have **honest** conversations, even when they are hard.
 12. we **trust**, **respect** and **uplift** each other.
- What we do is **bigger** than just **us**. it benefits us individually, **HeartStories** and the **world**.
